

Canuckiwi Markets Update – Consumer confidence

Consumer Confidence

Australia and New Zealand have both managed the health impacts of COVID-19 well, with limited new case numbers (as of May 2020). Consumer sentiment is on the rise as is the level of online search for travel. News Corporation's latest consumer spend report shows a positive change in behaviour. In May Expedia released data that shows Las Vegas was the 6th most searched for international destination for travel in October 2020.
